

VANGUARD

WALL LINERS

PROTECTION PERFECTION.

VanGuard Wall Liners are designed to match the interior van contour for maximum protection.

Looking for maximum protection? Look to VanGuard Wall Liners for the dent, scratch and gouge resistance that answers today's transit workforce demands. It's light weight and easy cleaning. Installation is simple thanks to our design flexibility that easily accommodates a variety of vehicles.

COMMERCIAL GRADE PROTECTION

- High Density Poly-ethylene - provides maximum protection from dents, scratches, gouges and chemical resistant spills

QUIET

- Precision molded to fit all van and transit wall panels

EASY TO INSTALL

- Modifications are not needed to adjust to each van type – removable wall panel fasteners for wiring or future customization

SOLID EXPERIENCE

- Anti-slip floor attributes and a lip that provides spill containment
- Easily removed - effortless power wash cleaning and re-assembly
- Light Gray appearance combats darkness

INSULATION OPTION

- Liners can be ordered with an insulation factor of 4.2
- Antimicrobial to protect against mold and provides better indoor air quality.
- Warmer in the winter and cooler in the summer - improves conditions and productivity.
